

The Opportunity Ecosystem

1. Opportunity Construction
 - Focusing on removing barriers for “re-entrants” to living wage jobs
 - The driving force of the system by providing well paying jobs (\$23-\$48 per hour)
2. OC Highway
 - Real estate holding and management division
 - Removes barriers for OC personnel to safe, updated, and affordable housing. Options include renting (rooms, apartments & single-family homes), rent to own options, and a path to home ownership
3. OC Connects
 - Non-profit structure responsible to train and educate OC personnel on:
 1. Finance 101
 2. 21st Century Skills
 - Critical thinking
 - Creativity
 - Collaboration
 - Communication
 - Information literacy
 - Media literacy
 - Technology literacy
4. Target Area of Success
 - When all 3 sections work together the target area of success is maximized for each participant
 - All 3 areas can be successful independently, but the ultimate area of success for individuals is maximized when combined within our “ecosystem”
